## Education

---

### University of Northern Iowa – Cedar Falls, IA

- Bachelor of Science **Expected May 2021**  
– Manufacturing Engineering Technology with Design Emphasis
- Bachelor of Arts **Expected May 2021**  
– Technology Management
- OSHA 30 hour General Industry Certification **December 2019**

## Academic Honors

---

- UNI Dean’s List From Fall 2018 - Fall 2020
- Cumulative GPA: 3.195

## Technology Skills

---

- Proficient in Microsoft Office programs including Word, Excel, and PowerPoint
- Proficient in parametric design with Solidworks, Autodesk Inventor
- Experience with 2D layout with AutoCAD
- Experience operating Additive Manufacturing Systems including ExOne and 3D System Equipment and machinery

## Work Experience

---

### Lab Technician

**Oct. 2019 – Present**

UNI Additive Manufacturing Center – Waterloo, IA

- Operate machinery to create customer orders through additive manufacturing processes
- Maintain and support machinery through material and chemical handling
- Perform physical properties tests on printed parts for quality control
- Prepare, package and ship customer orders in a timely fashion
- Work efficiently as a group and communicate effectively together
- Apply and follow safety practices to promote a safe and healthy work environment

### Designer

**Jan. 2020 – Present**

UNI Additive Manufacturing Center – Waterloo, IA

- Create metal casting mold designs to accommodate customer products
- Follow design principles to optimize designs for additive manufacturing processes
- Operate machinery for polymer additive manufacturing processes
- Work effectively as a team member to distribute work efficiently
- Effectively communicate with the Design team to ensure quality designs

### Delicatessen Clerk

**June 2017 – Jan. 2019**

Hyvee– Windsor Heights, IA

- Multitasked between open orders and new customers to minimize wait time
- Coordinated with Team Members to complete orders in a timely manner
